THE LLTEK / RIEGER CONNECTION: Rieger AG of Europe is a leading supplier of high quality aero components to the demanding European motorsport community. LLTEK worked directly with Rieger stylists to redesign several of their Audi A4 components to fit the North American A4/S4 which is dimensionally different than its European counterpart. Since LLTEK aero components can be supplied prepainted with factory match paint, an average four piece low duty fiberglass ready for optional aero parts painted locally. From the box to your car and the road awaits!

A4•S4•Avant Styling

HANG ON! THE REAL RS4: 340 HP ON TAP

If you already own or will soon purchase the Rieger RS-Four front bumper upgrade, you can now order the aerodynamically important TYPE RS4S.5 tower lip splitter. Available in genuine carbon fiber or heavy duty fiberglass ready for optional match paint. No Rieger styled car should be without this unique splitter to assist with dynamic handling. (Also looks fantastic!)

Ask our experts about all of your options

- Type RS4S bumper is available with a preinstalled LLTEK factory fog light holder for 1999.5-2000.
- Two RS4 mesh style options
- Small Mesh
- Large Mesh
- Powerful Serious Vision TYPE SV3000 HD Projector Headlight available in H7 or HID. Also HID corner lower left and right driving lights with remote control (free pre-installation). Hagus wide view sport mirrors.
- Components ordered from LLTEK identified as RS4, RS Four, RS4 Look or RS Four Look are not to be confused with an ultra high performance car model of the A4 (B5) manufactured by Audi AG and sold by Audi Quattro GmbH. Audi, through its qualified overseas dealers, markets this complete car identified by Audi as the RS4. Individual parts for the Audi RS4 car are identified by a part number and notify a name. Audi RS4 parts from the factory are pre-painted to match the standard color, a widened version of the A4(S) car. Parts sold by LLTEK to the narrow body A4-S4 look or are not interchangeable with parts designed to fit on the complete Audi factory car identified as the RS4 car. Note: Audi of America did not import the RS4 complete car into the US nor Canada. LLTEK supplied product identified as RS4, RS Four, RS Four look or RS4 look is identification naming presented by the manufacturer of the part. This information is presented to the customer to ensure there can be no confusion regarding parts sold by LLTEK and the RS4 car sold by Audi AG and its divisions, Audi Quattro GmbH.

LLTEK Paint: Consider the convenience, quality, and practicality of the LLTEK MATCH PAINT PROGRAM right out of your box! Match painting is available for all aero components at a very reasonable cost. Save yourself the hassle of getting your new Audi aero parts painted locally. From the box to your car and the road awaits!

Your Ultimate Car race track optimal!

SPECIAL ANNOUNCEMENT

Equipped with:

Racing style and muscle for the street!
The Type DTM lower lip spoiler is a near replica to Audi's famous racing touring cars.
Once installed on your car, you will be making a bold statement.
Installation on your A4 is quick and simple. The results present a car which is technical yet well suited for boulevard cruising.

RIEGER Tuning

TYPE RL.5 LIP SPOILER

The Rieger TYPE RL.5 lower lip spoiler is a classic yet easy piece to install. Remove the Audi black splash shield and insert your new TYPE RL.5. Add the supplied TÜV-approved glue and the transformation is immediate. Complement with TYPE RS(DP).5 side skirts and a sporty TYPE RE.5 rear valance.

Note: Cars are excessively lowered.

TYPE RL.5 lip spoiler and curvaceous RS(DP).5 skirts

TYPE RL.5 lip spoiler. Consider the UAS.5 air intakes for superior cooling

Optional TYPE RLS.5 adjustable splitter for TYPE RL.5 lip spoiler adds a definitive styling edge to an already distinctive Audi A4!

The all exciting TYPE RE3.5 exhaust valance or equally exciting TYPE RE2.5 exhaust valance!

The Edge Solution: Understanding the 8-piece molding kit

When removing the black Audi factory lower door molding you discover holes and projections. With the LLTEK 8-piece kit, you cleanly cover and hide all blemishes without the need to repaint your 4 doors! This solution is low-cost and easy to install (4 painted pieces for each side).

Note: Cars are excessively lowered.

TYPE VM8.5

The all exciting TYPE RE3.5 exhaust valance or equally exciting TYPE RE2.5 exhaust valance!

Optional TYPE RLS.5 adjustable splitter for TYPE RL.5 lip spoiler adds a definitive styling edge to an already distinctive Audi A4!

TYPE VM8.5 molding kit creates monochromatic magic at lower door edge. TYPE RT.5 side profile • Zender TunesRad wheels • TYPE RL.5 lip spoiler

Prices in US dollars; specifications, availability and pricing subject to change. (1) Specify USA or European model. (2) Minor modification to A4 OEM air intake area required. (3) When used on facelift model, foglight brackets must be cut off and fog lights are not usable. (4) Note the "USA" or "European" model.

**Kerscher**

**TYPE KL.5 LIP SPOILER**

The installation of the German designed Kerscher TYPE KL.5 creates a smooth, integrated look and is easy to manage. A small modification to the lower portion of the existing Audi A4 bumper must be made which normally takes from 30 to 60 minutes depending on skill set. The KL.5 can be shipped by UPS, further reducing the cost of the upgrade.

**TYPE SL.5 SPLITTER**

The installation of the German designed Kerscher TYPE KL.5 creates a smooth, integrated and purposeful look. This is an affordable solution to an outstanding upgrade and is easy to manage. A small modification to the lower portion of the existing Audi A4 bumper must be made which normally takes from 30 to 60 minutes depending on skill set. The KL.5 can be shipped by UPS, further reducing the cost of the upgrade.

**CAUTION**

Consider the convenience and practicality of the LLTEK MATCH PAINT PROGRAM right out of your box! Match painting is available for all aero components at a very reasonable cost. Save yourself the hassle of getting your new Audi aero parts painted locally. From the box to your car and the road awaits!

JE DESIGN
TYPE JL.5 LIP
TYPE JT.5 TRUNK
TYPE JE.5EA VALANCE

JE DESIGN is headed by a young, bold and creative designer bringing clean innovative styling to the Audi A4 car.
A unique feature of the JE DESIGN front lip spoiler is the ability to fit over the factory fog lamps on years 1999.5-2001. No fog light adapters are needed. Installation of the lip spoiler requires a small modification to the front bumper to allow the new components to slide into place. The JE DESIGN component is the part within the red outline (see picture below). Optional large or small mesh is available as a preinstalled option. This product ships via UPS.

Classic distinctive styling from Germany

Tastefully aggressive with plenty of classic design hallmarks JE DESIGN work.

Exclusively Paint Program

You are a busy person, concerned with important issues in your life. Consider the convenience and practicality of the LLTEK MATCH PAINT PROGRAM right out of your box! ALWAYS SEE PAGE 7
ZENDER
TYPE ZT.5
Low profile, technically styled and sculptured rear trunk spoiler perfectly proportioned by Zender stylists. Also accepts optional real carbon fiber insert or consider the optional 2nd color paint in destinct area. Glue-on. Built-in brake light.

UBERHAUS
TYPE MT.5

UBERHAUS
TYPE VT.5/C
Extra low profile full contact trunk spoiler. Elegant with understated look, beautifully styled and proportioned to complement any Audi A4 without compromising the aesthetics. Very popular application for enthusiasts looking for a modest yet tasteful enhancement. Also in carbon fiber!

RIEGER
TYPE RT.5
High profile and very technical. Certainly a bold and dynamic styling statement with a very RACE look orientation. Bolt-on. Built-in brake light. Shown with optional D+P real carbon fiber side panels to further strengthen the technical nature of the spoiler.

UBERHAUS
TYPE TC.5
Serious RACE replica look to Audi’s famous Touring Car championed throughout Europe for several years and now seen on the race tracks of America. A no nonsense no compromise high profile spoiler for the serious technical enthusiast. Bolt-on.

UBERHAUS
TYPE MT.5

UBERHAUS
TYPE VT.5/C
Extra low profile full contact trunk spoiler. Elegant with understated look, beautifully styled and proportioned to complement any Audi A4 without compromising the aesthetics. Very popular application for enthusiasts looking for a modest yet tasteful enhancement. Also in carbon fiber!
## A4•S4•Avant•Spoilers

**CARACTERE**

**KERSCHER**
- Type KTC.5: High profile trunk spoiler featuring an entire center section made in real carbon fiber. Racy and very technical. Glue-on.

**RIEGER ROOF**
- Type RR.5: Tastefully designed upper rear window roof extension to create a technical and dramatic look. Glue-on.

**ZENDER ROOF**
- Type ZR.5: A smart looking and technically styled upper rear window roof extension designed by the knowledgeable and talented Zender stylists. Glue-on.

KERSCHER

**8E-Look A4 B5 Styling Upgrade**

Kerscher has released a 4-piece styling kit for the 1996-2001 A4 (B5). Inspired by their A48E design (see appropriate section in this catalog), the full front bumper features generous sized air intakes for improved cooling and projects an aggressive technical look. The new Kerscher bumper can be optioned with a stunning carbon fiber lower splitter. The new rear bumper features twin exhaust “pods,” with a technical diffuser lower center section. A techno set of side skirts complete the effect. Availability to be confirmed. Please contact LLTEK directly or visit our website (WWW.LLTEK.COM) for more information on these and many other exciting products for your Audi car.
